

Custom Plastic Fabrication & Distribution

FLAT-TOP CONVEYOR SPROCKETS

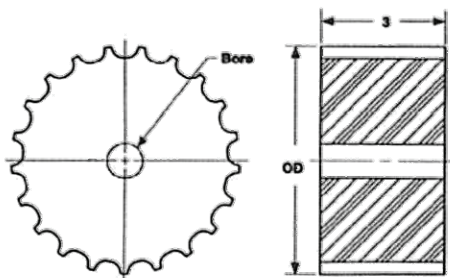

Machined UHMW Flat Top Conveyor Sprockets are USDA/FDA accepted and are direct replacements for cast, steel, or other plastic sprockets in idler and light drive applications. These sprockets are lightweight, need no lubrication, chemical resistant and are designed for use with or plastic flat top chain. **All sizes and tooth profiles are available** as well as splits, idlers and drives.

#815 Split Sprocket

820 Sprocket - Split

821 Sprocket
