

# SELF-ALIGNING BEARING INSERT

Self-Aligning Bearing Inserts are interchangeable with all standard Pillow Block, Tap Base, or Flange Bearing Housing. **These inserts are excellent in the food and packaging industry** and are ideal for replacing a rusty roller or ball bearing inserts in corrosive or wet applications and require minimal maintenance. Many FDA accepted materials are available to choose from and “custom” sizes are available.

Bearing Style	Bore	A	B
203	1/2"	.875"	1.575"
203	5/8"	.875"	1.575"
204	3/4"	1.250"	1.850"
205	7/8"	1.250"	2.047"
205	1"	1.250"	2.047"
206	1 3/16"	1.375"	2.441"
207	1 1/4"	1.500"	2.835"
207	1 7/16"	1.500"	2.835"
208	1 1/2"	1.500"	3.150"
209	1 3/4"	1.500"	3.346"
210	1 7/8"	1.500"	3.543"
210	1 15/16"	1.500"	3.543"
